Business Model Canvas 1: Customer Blocks – Mobile AI Voice TRPG

Focus: Turning Tabletop Role-Playing into a Zero-Barrier Mobile Experience for Mainstream Gamers

SENECA HELIX BMC 1

FOCUS ON THE CUSTOMER

CORE PRINCIPLES

1. Understand Lean Startup: Build - Measure - Learn

The core foundation relies on **rapid iteration** and continuous feedback loops.

2. Validate the Customer Side

Crucial to **validate customer needs** and core assumptions before investing in heavy infrastructure development.

3. Strategic Pivot

Target the massive blue ocean of **anime fans** and **CRPG gamers** rather than competing for entrenched hardcore tabletop veterans.

TARGET AUDIENCE // PIVOT

ANIME FANS

CRPG GAMERS

[STRATEGIC PIVOT DIRECTIVE]

*"Target the massive **blue ocean** of **anime fans** and **CRPG gamers** rather than competing for entrenched hardcore tabletop veterans."*

1. DEFINE YOUR CUSTOMER SEGMENTS

Segment 1 – The Anime
Enthusiast & TRPG Spectator
(Replay Watcher)

Loves watching D&D/CoC
streams; fascinated by lore,
character design, and
drama. Never played IRL.

Segment 2 – The Mainstream
CRPG & Narrative Gamer
(Narrative Seeker)

Fan of Baldur's Gate 3,
Divinity, and choice-heavy
RPGs. Wants tactical agency
and storytelling on mobile.

Segment 3 – The Busy
Interactive Fiction / Mystery
Fan (Casual Sleuth)

Enjoys murder mystery
parties, escape rooms, and
visual novels. Has limited,
fragmented free time.

2. SPECIFY THE NEED

THE HAIR-ON-FIRE PROBLEM

▲ CRITICAL NEED // SEGMENT 01

Replay Watcher

[!] Overwhelmed by 300-page rulebooks;

[!] Lacks an IRL group;

[!] Terrified of voice roleplay in front of strangers.

PAIN POINT: FRICTION & ANXIETY

▲ CRITICAL NEED // SEGMENT 02

Narrative Seeker

[!] Tired of brainless mobile auto-play games;

[!] Craves deep choice-driven RPG freedom without a 100-hour PC commitment.

PAIN POINT: SHALLOW GAMEPLAY

▲ CRITICAL NEED // SEGMENT 03

Casual Sleuth

[!] Endless scheduling nightmares; friends constantly cancel last minute.

[!] Needs a flexible game playable solo or with 1 friend.

PAIN POINT: SCHEDULING FRICTION

3. Unique Value Proposition for Each Segment

SEGMENT 01

Replay Watcher

VALUE PROPOSITION

"Play the tabletop stories you watch online—no rulebooks, instant voice acting, zero social anxiety."

SEGMENT 02

Narrative Seeker

VALUE PROPOSITION

"Baldur's Gate 3 level creative agency on your phone. Speak any action; the AI DM dynamically adapts the world."

SEGMENT 03

Casual Sleuth

VALUE PROPOSITION

"An on-demand tabletop adventure ready 24/7. Pick up, pause, or resume anytime without waiting on anyone."

4. PRODUCT DISTRIBUTION & CHANNELS

REACHING SEGMENT 1

Viral short-form video clips on TikTok, YouTube Shorts, and Bilibili highlighting hilarious dice fails and dramatic AI voices; sponsored VTuber streams.

REACHING SEGMENT 2

TapTap, Google Play & App Store feature pages; active engagement in Reddit CRPG forums; target gaming review sites.

REACHING SEGMENT 3

Lifestyle & entertainment app recommendations; word-of-mouth referral links; structured episodic narrative drops.

5. Build & Manage Customer Relationships

Strategy & Segment Engagement Framework

SEGMENT-SPECIFIC ENGAGEMENT MODELS

01 Segment 1: Onboarding & Community Space

Supportive, non-judgmental AI companion; beginner-friendly guided onboarding; community space for sharing OC (Original Character) art.

02 Segment 2: Co-Storytelling & Lore Codex

Deep co-storytelling; regular lore codex updates; active community discussions on divergent narrative choices.

03 Segment 3: On-Demand Utility & Save States

Reliable on-demand utility; episodic quest notifications; seamless single-player save states for instant resume.

STRATEGY INTENSITY METERS

GUIDED AI COMPANION 88%

Automated onboarding & companion engagement

LORE & CODEX UPDATES 80%

Community narratives & ongoing lore expansion

ON-DEMAND SAVE UTILITY 70%
